MRL-6000

NOTHING[™] STRONGER

Titan 6000 lb Mid Rise Scissor Lift

This 6,000 lb. capacity lift is perfect for detailing your vehicles or doing brake and wheel work. This freestanding scissor style lift is equipped with a full set of height adapters, two 3" hydraulic cylinders, and a 110 Volt Power Unit that is mounted to the portable dolly. With its solid steel construction and durable powder coated finish, the Titan MRL-6000 can effortlessly lift a 6,000 lb. vehicle up to one of its seven lock positions allowing you to work safely and comfortably. The adjustable lift arms and low profile of this lift allows it to fit almost every make and model on the market today.

Includes:

- 110 Volt Power Unit
- Portable Dolly
- 3 Height Adapters with Rubber Riser Blocks
